

Course: MATH 3423 — Advanced Linear Algebra & Optimization

Textbook: Trefethen, Lloyd N. and Bau, David. *Numerical Linear Algebra*, Philadelphia: Society for Industrial and Applied Mathematics, 1997, print.

CRN: 24815

Room: OMB S618

Time: MW 8:00 am — 9:45 am

Instructor: Randy R. Davila

Email: DavilaR@uhd.edu

Phone: 713 - 221 - 5872

Office: S727

Office Hours: TBA

Course Description: This course covers both theoretical and numerical topics from advanced linear algebra and optimization with an emphasis on application. Topics include, but are not limited to: matrix factorizations, eigenvalues, iterative methods, linear programming, descent methods, and neural networks.

Grading Policy: You will need to purchase a 3-ring binder. This binder will be used to organize your coursework and keep track of your grade. You will need to divide this binder into sections (with dividers) for the following:

1. Class notes: 10%
2. Homework: 20%
3. Exam 1: 20%
4. Exam 2: 20%
5. Final Project: 30%

General University Policies: All students are subject to UH-Downtown Academic Honesty Policy and to all other university-wide policies and procedures as they are set forth in the UH-Downtown University Catalog and Student Handbook.

Statement on Reasonable Accommodations: UH-Downtown complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, pertaining to the provision of reasonable academic adjustments/auxiliary aids for students with a disability. In accordance with Section 504 and ADA guidelines, UHD strives to provide reasonable academic/auxiliary aids to students who request and require them. If you believe that you have a documented disability requiring academic adjustments/ auxiliary aids, please contact the Office of Disability Services, One Main St., GSB314, Houston, TX 77002. (Office) 713-221-5078 (Website) www.uhd.edu/disability/ (Email) disabilityservices@uhd.edu
